**Hahn Expresses Disappointment Over Loss of World's Fair Bid**

Supervisor Kenneth Hahn this week expressed his disappointment that Los Angeles has lost the opportunity to be the site of the 1963 World's Fair.

A special commission recently recommended to President Eisenhower that the World's Fair be held in New York.

"The County Committee and its members worked very hard to overcome all obstacles and bring the World's Fair here. However, it is most unfortunate that the Los Angeles County community was not solidly united behind their efforts, and as a result, Los Angeles County has lost the opportunity to host one of the world's most spectacular events," Supervisor Hahn stated.

He indicated that several powerful interests in Los Angeles County worked actively

to thwart efforts to bring the colorful international exhibition to Los Angeles.

"This certainly illustrates the need for positive, effective cooperation," Supervisor Hahn declared.

Among other steps the Supervisor took in working for the World's Fair was to write Governor Edmund G. Brown, urging him to create a commission to study the feasibility of bringing the World's Fair to Los Angeles County.

**Christian Science breaks the grip of matter**

Many people have been healed of apparently hopeless troubles and diseases through prayer in Christian Science.

They have found a better way of life. They have gained, or regained, peace and confidence.

How anyone can learn to pray understandingly, effectively, is fully explained in the first chapter of Science and Health with Key to the Scriptures by Mary Baker Eddy. Such prayer is the spiritual understanding of God and of man in His "image and likeness," as the Bible teaches.

Science and Health may be read or borrowed at any Christian Science Reading Room. Send \$3 for a copy postpaid.
